

# IAPA Asia Pacific WEBINAR

## INTRODUCTION TO BLOCK-CHAIN

Wednesday 26th July 2023  
at 8:30am (UK Time)

We are delighted to have Sakuntala with us as she provides our members with an **Introduction to Blockchain**. Perfect for those who have heard the term, but do not really understand the technology.

Sakuntala will talk us through its history, its features, advantages, limitations and areas where it can be applied and how it can truly add value.

Discussion points include:

- What is **Block-Chain**?
- Difference between Block-Chain and Distributed Ledger Technology (DLT)
- Transaction Lifecycle and how does it work
- Characteristics, Types & Advantages of Block-Chain
- What is wrong with the current state of Block-Chain
- When and how Block-Chain should be applied
- Block-Chain in the real world
- Q&A
